Guineafowl

The Guineafowl is an ancient African bird that lives in deserts and forests. His sticky up hair style and blue neck give him lots of character, but we love the Guineafowl's loyalty most of all – he is one of the few birds that has one mate for life. Our Guineafowl is created from a linocut print by artist Henry Iles and brought to life in our range of tableware.

Guineafowl eucalyptus cutting boards

Our cutting boards can be used to prepare food on or as tablets to serve food. They are made from sustainable eucalyptus board with a full melamine surface on each side.

They are heat resistant to 145 degrees and they are scratch and stain resistant.

Wipe clean with a damp cloth. They have a hole in the handle for hanging and display.

The Guineafowl cutting boards measure 29.5cm x 21.5cm and are 4.8mm thick and available in 4 designs.
